June 19th, 1916

Dr. Benjamin Sulte,
Ottawa.

Dear Dr. Sulte:

I am very glad to know that the bestowal upon you of the honorary degree by the University of Toronto has evinced such widespread appreciation in the Province of Quebec. If through you we were able in any way to show your compatriots the esteem in which we hold the distinguished men of Quebec we shall be much gratified.

Mrs. Falconer and I look back with much pleasure to the day on which you had lunch with us, and will you please accept her kind regards and my own.

Yours sincerely,

President.
